RESUBMITTAL OF 10CFR21 REPORT

Dear Mr. Wood:

Pursuant to your telephone request yesterday, I am submitting a complete copy of the 10CFR21 report dated November 27, 1992 regarding the loss of spent fuel pool cooling event at the Susquehanna Steam Electric Station. The original report was distributed to Mr. Thomas T. Martin at NRC Region 1, to Mr. G. S. Barber at the SSES site, and to the USNRC Document Control Clerk. It is my understanding that one or more of these reports was missing pages from Attachments 9, 15 and 30 to the 10CFR21 report.

Please contact me if I can be of further assistance in this matter.

Sincerely,

David A. Lochbaum
